Web Developer, Designer, Interactive Media Artist

Project manager, front-end developer, user experience designer, and digital artist with experience in ecommerce, FinTech, digital photography, filmmaking, interactive media, and content creation.

WORK EXPERIENCE

B&H Photo • New York, New York • 03/2024 – Present Web Content Operations Associate Project Manager

- Managed photography product merchandising for ecommerce operations, coordinating with internal teams and vendors such as Sony, Samsung, Arri, Fujifilm, and Apple.
- Reduced ticket/bug response time from 5 months to 1 week, clearing a 20,000 ticket backlog.

Velvet Financial Services • Salt Lake City, Utah • 02/2021 – 02/2022 Lead Front End Developer

- Created an interactive web app on a headless CMS using React.js, Next.js, Vercel, Lottie Animation, and Airtable.
- Helped founding team launch FinTech startup that raised \$5 million and became the youngest operators of a licensed broker dealer in history.

Louvre Museum • Abu Dhabi, UAE • 03/2022 – 03/2023 Interactive Media Installation Developer

- Designed, produced, and showcased a participatory installation/workshop with digital elements which was showcased alongside the main gallery at the Louvre Museum in Abu Dhabi.

New York University • Abu Dhabi, UAE • 01/2019 – 06/2023 Senior Researcher – Installation Technician

- Lead a cross disciplinary team of technologists and artists to design, construct, and test, and deploy media installations.
- Worked closely with Aaron Sherwood, professor of Interactive Media on assembly of mechanical and electronic components and hardware & software debugging.

TA – Cinematography Art and Craft

- Worked with professor Amos Katz to instruct a 12-person intensive cinematography course covering camera skills, lighting design, set operations, and post production.
